MEDIAWAN ANNOUNCES SHAREHOLDER¹ APPROVAL OF INITIAL BUSINESS COMBINATION WITH GROUPE AB AND BECOMES THE FIRST SUCCESSFUL SPAC IN FRANCE

Paris, 13 March 2017. Mediawan SA (or “Mediawan”), the first ever French Special Purpose Acquisition Company (SPAC), founded by Pierre-Antoine Capton, Xavier Niel and Matthieu Pigasse (together the “Founders”) and listed on Euronext Paris since 22 April 2016, announced that its shareholders¹ convened at a special meeting held today have approved the proposed Initial Business Combination with Groupe AB, a unique producer, distributor and aggregator of TV content in French-speaking Europe, with a majority vote of 82.2% of the shareholders who attended such meeting or were represented thereto. This shareholder approval makes Mediawan the first successful SPAC in France.

As announced on 30 January 2017, Mediawan entered into exclusive negotiations with the management of Groupe AB and its shareholders, Claude Berda and TF1, to acquire 100% of the outstanding shares of Groupe AB. Pursuant to Mediawan’s articles of incorporation and in accordance with its IPO commitments, the Initial Business Combination required the prior approval by a majority of at least two thirds of Mediawan’s shareholders¹. The Supervisory Board of Mediawan had previously unanimously (including its independent members) approved the proposed Initial Business Combination and accordingly the Management Board of Mediawan recommended that the shareholders vote in favour of the proposal.

“We are greatly thankful to our shareholders for their support for this Initial Business Combination. We are very pleased with the positive outcome of the vote, demonstrating once again the confidence of French and international investors in Mediawan’s strategy and growth prospects. We are now focusing on closing the acquisition of Groupe AB which would constitute an excellent first step in Mediawan’s objective to create a large dynamic platform to aggregate premium content through future acquisitions” said Mediawan CEO and Chairman of the Management Board, Pierre-Antoine Capton.

The closing of the Initial Business Combination remains subject to certain customary conditions, including the completion of the consultation procedure with Groupe AB’s employee representative

¹ Excluding Founders

bodies and the receipt of the required regulatory approvals from the Grand Duchy of Luxembourg for the broadcasting activities. Subject to such conditions, the transaction is expected to be completed in the first half of 2017.

Upon completion of the Initial Business Combination, all Mediawan's shares (including shares held by the Founders) would be automatically converted into a single class of ordinary shares of Mediawan and the warrants issued at the time of the IPO would become exercisable.

Results of the vote are available at www.mediawan.fr.
